## Message from the President

*Welcome to Wallace State's Pride of Lions!*

*Summer semester is a little more laid back than fall or spring, but no less important in its ultimate goal of providing students with the essentials they need to complete a degree or certificate so that they can enter the workforce or continue their education at a four-year university. Classes sizes are usually smaller in the summer, giving you even more one-on-one attention with your professors.*

*The summer semester is an optimal time for incoming freshman to get a head start or for students currently enrolled at four-year universities to get ahead by taking classes that will transfer back to their college.*

*Whether you are entering college for the first time, retraining for a new career, a dual enrollment student, or completing a GED and embarking on a career pathway, you'll enter one door at Wallace State. Wallace State conveniently serves students with a full complement of classes and services on campus in Hanceville and Oneonta as well as online. Day and evening classes are offered on campus, as well as hybrid and online options for those needing to work classes into busy schedules.*

*This summer you'll see Mini Term options for courses that can be completed in eight weeks.*

*At Wallace State, there are a number of new opportunities to enhance your experience and prepare you for the future. A new Radiation Therapy degree option is being offered through the Diagnostic Imaging program and new degree and certificate options are being offered in Computer Science for Artificial Intelligence Programming, Cloud Computing and Systems Engineering Technology. Other opportunities at WSCC include a bachelor's degree nursing program in partnership with UAB, programs in Geospatial Information Systems (GIS), Cardiovascular Sonography, Medical Laboratory Assistant, Logistics and Supply Chain Management, Construction Management, and more.*

*More earn-and-learn opportunities, such as the FAME program for industrial maintenance students, a Mercedes Co-op program with our automotive service program, and numerous internships and apprenticeships with area businesses and industries allow Wallace State students to earn money and experience while completing credentials. Inquire with our Center for Career and Workforce Development to learn more about these and other opportunities.*

*Wallace State has been named a Caring Campus and has numerous supports to help students succeed, including a free food pantry, success advising, mental health counseling, tutoring, technology loans, emergency financial assistance, and more. The College is also an Achieving the Dream Leader College, ranked among the Top 150 community colleges in the nation by the Aspen Institute, the preferred community college by Alabama high school seniors taking the ACT, and among the top colleges for health care and workforce development. Wallace State has once again been recognized as a Military Friendly institution, with resources dedicated to honoring and serving our veterans and their spouses on campus, and is receiving widespread acclaim as rates of student success, retention and graduation climb to among the highest in the nation.*

*Start planning now for your future. Please take time to review the summer semester offerings and contact a success advisor to develop a Pathways map and STARS guide for the program that's right for you. Many offices also provide virtual services for students.*

*To learn more about all Wallace State has to offer, visit the Wallace State website, download our app, or visit Lion Central. We look forward to seeing you on campus or online this spring!*

**Vicki P. Karolewicz**  
President

# Withdrawal Policy

## Dropping a Course During Registration and Drop/Add Period

A student may drop a course either in person or on their MyWallaceState account during registration until the drop/add period ends. If dropping in person, a form is available at Lion Central located in the Bailey Center Lobby. The form is completed and the drop will be completed by Admission personnel. The student can view the drop when processed on their MyWallaceState account. The class and the charges will be removed from the student's records if dropped before classes begin.

## Withdrawal from a Course After Registration and Drop/Add Period Ends

Once the drop/add period is over the student may withdraw from a course and will receive the grade of W in the course. The W will be posted on the official transcript and will not be used in computing the GPA. (The W will be used in calculating attempted hours for Satisfactory Academic Progress (SAP) to receive financial aid.) The last date to withdraw from a course for the term is published in the current course schedule. Students can withdraw from a course via their MyWallaceState account or in person at Lion Central located in the Bailey Center Lobby. Students who receive financial aid are advised to meet

with the college Financial Aid department to determine impact on SAP.

## Withdrawal from the College

A student may withdraw from the institution up to the deadline published in the course schedule. Withdrawing from all classes constitutes a withdrawal from the college. Once the drop/add period is over the student may withdraw from a course or all course and will receive the grade of W in each course in which they withdraw. The W will be posted on the official transcript and will not be used in computing the overall GPA. The W will be used in the calculation for attempted hours on SAP. The last date to withdraw from a course (or all courses) is published in the current course schedule. Students can withdraw from the college via their MyWallaceState account or in person at Lion Central located in the Bailey Center Lobby. Students who receive financial aid are advised to meet with the Financial Aid department to determine if withdrawing from all classes will impact their Satisfactory Academic Progress (SAP).

*Students receiving financial aid should read the following information carefully:*

**Census/Freeze Date** - Dropping a course prior to May 31, 2023, will result in a recalculation of a student's federal financial aid which includes Pell Grants, Direct Loans, and SEOG Funds. This recalculation could affect the amount of the financial aid award and may result in a balance owed to the college. Students that register for courses in subsequent terms AFTER May 31, 2023, may not be eligible to receive additional financial aid coverage for the added classes. Students should register for all classes in future terms at the beginning of the term if possible to ensure maximum federal aid. This includes Pell Grant and Direct Loans. Please check with the Financial Aid Office before adding these courses for individual questions about this process.

**60% Date of Term** - Dropping ALL classes prior to July 10, 2023, will result in a recalculation of federal financial aid which includes Pell Grants, Direct Loans, and SEOG Funds. This recalculation will be based on the number of days the student attended the class prior to dropping all classes. These days determine the percentage of aid the student earned for the term. A student will likely owe a portion of financial aid back to Wallace State and/or the US Department of Education if all classes are dropped prior to July 10, 2023, or if the student quits attending classes prior to July 10, 2023.

**APPLY EARLY** – Students applying for financial aid should apply at least two (2) months before the next semester begins. Applying early will help ensure a timely response to federal guidelines and will allow for any unforeseen problems/situations that might occur. Applying early will also help the student avoid potential long lines or waits.

### **BOOKSTORE CHARGES**

If Pell Awards exceed the amount of tuition and fees owed, students may charge books and supplies on their Pell accounts at the WSCC Bookstore. These accounts will be open for charges Monday, May 15, 2023.

**DISTANCE EDUCATION** students are responsible for logging in and meeting orientation requirements for all Blackboard, Internet, and video classes. Pell funds will not be distributed until attendance is verified.

### **BALANCE CHECKS**

Per federal guidelines, attendance must be verified before balance checks can be mailed. Students who have not been electronically verified as attending their classes by their instructors will not be able to see their Financial Aid funds on their myWallaceState account for that class that has not been confirmed as attending. As more classes are verified, more funds will be added to the student account balance that can be seen on myWallaceState student account.

**PLEASE NOTE:** Students in DISTANCE EDUCATION courses are responsible for logging in and meeting orientation requirements for all on-line and video classes. Pell and loan funds will not be mailed until attendance is verified. Pell Grant and loan balance checks, with no holds, will begin mailing Tuesday, June 6, 2023. If you are registered in classes that begin later than Wednesday, May 31, 2023 your balance check will be mailed at a later date after attendance is verified. You must attend classes prior to any funds being mailed for a particular class. Withdrawal from all classes after receiving balance checks will result in Pell overpayment and future Pell payments for WSCC or any other college will cease until the overpayment is repaid.

### **Attendance Verification:**

Removal for classes with no AV can affect eligibility for Financial Aid and the award amount. Students utilizing federal financial aid who do not show attendance for 1 or more classes may have registration removed from the classes lacking attendance verification. Students will need instructor permission to re-enroll in classes that were removed for no attendance verification. Students cannot be paid on classes until we can document they started the class.

**INSTITUTIONAL SCHOLARSHIP** recipients must complete a 2022-2023 FAFSA prior to enrollment being completed. Scholarships cannot be added to the student account until the FAFSA is received.

### **REMEMBER**

Students must re-file for Pell Grants for every academic year (Fall – Summer). The Free Application for Federal Student Aid (FAFSA) is available online at <https://studentaid.gov/h/apply-for-aid/fafsa>. Students applying for 2022-2023 (Fall 2022, Spring 2023, Summer 2023) Pell Grants must complete the forms with 2020 tax data. It is the student's responsibility to provide any additional information requested by the Financial Aid Office. The Grant cannot be awarded until the student's file is complete.

**\*\*Priority Deadline for Fall 2023 Financial Aid is June 1, 2023**

Completed Financial Aid paperwork must be submitted to the Financial Aid Office and Admission requirements (residency, transcripts, etc.) by the deadline of March 1, 2023, in order for funds to be available for summer semester 2023. Visit <http://www.wallacestate.edu/finaid>. Students should review their myWallaceState account for individual requirements.

## Residence Halls

256.352.8156

Living on campus has many advantages. Wallace State's residence halls provide an environment conducive to academic achievement and are conveniently located within walking distance to classrooms, the library, and other campus facilities. Residents often find that living in a residence hall is a great way to become involved in student activities and make new friends.

Wallace State offers both men's and women's residence halls. The rooms are large and designed for double-occupancy, but a limited number of single rooms are available. Most rooms have two double beds, two study areas with storage units, a large walk-in closet and a private bath. Multiple laundry facilities are located in each residence hall with coin-operated washers and dryers.

Telephone and cable outlets are provided in each room.

The residence halls also provide community kitchen facilities. In addition, residents are allowed to have refrigerators and microwave ovens in their rooms. Wally's Grill is located in the Garlan E. Gudger Student Center and provides meals offered through the meal plan. The Grill is open Monday-Thursday 7:30 a.m. to 5:30 p.m. A variety of restaurants are located adjacent to campus.
