Message from the President

Welcome to Wallace State's Pride of Lions! Spring semester is the chance to open new doors to opportunity as you start – or continue – your journey at Wallace State.

Whether you are entering college for the first time, retraining for a new career, a dual enrollment student, or completing a GED and embarking on a career pathway, you'll enter one door at Wallace State. Wallace State conveniently serves students with a full complement of classes and services on campus in Hanceville and Oneonta as well as online during spring semester. Day, evening and weekend classes are offered on campus, as well as hybrid and online options for those needing to work classes into busy schedules.

This spring you'll see Mini Term options for courses that can be completed in eight weeks as well as Flex Start courses that allow you to enroll with a flexible start date and complete your courses on your schedule throughout the semester.

At Wallace State, there are a number of new opportunities to enhance your experience and prepare you for the future. A groundbreaking Diesel by Distance program allows you to learn from anywhere at your convenience, using virtual reality and earn-and-learn opportunities, along with drive-in assessments to complete a diesel degree or credential. Other new opportunities at WSCC include a bachelor's degree nursing program in partnership with UAB, new night classes for Welding, programs in Geospatial Information Systems (GIS), Cardiovascular Sonography, Medical Laboratory Assistant, Logistics and Supply Chain Management, Construction Management, Small Farmer Training, and more.

More earn-and-learn opportunities, such as the FAME program for industrial maintenance students, a Mercedes Co-op program with our automotive service program, and numerous internships and apprenticeships with area businesses and industries allow Wallace State students to earn money and experience while completing credentials. Inquire with our Center for Career and Workforce Development to learn more about these and other opportunities.

Wallace State has been named a Caring Campus and has numerous supports to help students succeed, including a free food pantry, success advising, mental health counseling, tutoring, technology loans, emergency financial assistance, and more. The College is also an Achieving the Dream

Leader College, ranked among the Top 150 community colleges in the nation by the Aspen Institute, the preferred community college by Alabama high school seniors taking the ACT, and among the top colleges for health care and workforce development. The College has once again been recognized as a Military Friendly institution, with resources dedicated to honoring and serving our veterans on campus, and is receiving widespread acclaim as rates of student success, retention and graduation climb to among the highest in the nation.

Start planning now for your future. Please take time to review the spring semester offerings and contact a success advisor to develop a Pathways map and STARS guide for the program that's right for you. Many offices also provide virtual services for students.

To learn more about all Wallace State has to offer, visit the Wallace State website, download our app, or visit Lion Central. We look forward to seeing you on campus or online this spring!

The grant allocation will also include high school students taking classes at Wallace State through the Dual Enrollment Program. The majority of Wallace State students will be qualified for the award under federal guidelines. Payments will vary. WHAT ARE MINI TERMS AND FLEX START COURSES?

Mini Term I: January 10-March 4; Mini Term II: March 8-May 10

Flex Start I: January 17-May 10; Flex Start II: January 24-May 10

Mini Terms are offered each semester to allow students 1) the opportunity to complete courses in less time than a regular full term, and 2) to start a class or add extra classes mid-semester. Students wishing to accelerate completion of their degree might choose, for example, to complete ENG 101 during Mini Term I and ENG 102 during Mini Term II, so that both classes are done in one semester. Fall and Spring Mini Terms are typically 8 weeks and 5 weeks in the Summer due to the shorter semester. Be sure to talk to your advisor if you have questions about scheduling.

NOTE: Students are encouraged to register for Mini Term II Classes during Registration November 16-January 14. Students using financial aid may not be awarded additional funds if registration for Mini Term II is completed after January 14.

"Flex Start" classes refer to online classes that begin after Drop/Add ends. They start after Mini Term I and full-semester courses and before Mini Term II classes. However, even though the start date is flexible, the assignments, tests, and other assessments are all due by the end of the regular semester. Therefore, these courses are for highly-motivated students who can complete assignments successfully with less time. See Spring 2022 Flex Start courses on page 46.

Withdrawal Policy

Dropping a Course During Registration and Drop/Add Period

A student may drop a course either in person or on their MyWallaceState account during registration until the drop/add period ends. If dropping in person, a form is available at Lion Central located in the Bailey Center Lobby. The form is completed and the drop will be completed by Admission personnel. The student can view the drop when processed on their MyWallaceState account. The class and the charges will be removed from the student's records if dropped before classes begin.

Withdrawal from a Course After Registration and Drop/Add Period Ends

Once the drop/add period is over the student may withdraw from a course and will receive the grade of W in the course. The W will be posted on the official transcript and will not be used in computing the GPA. (The W will be used in calculating attempted hours for Satisfactory Academic Progress (SAP) to receive financial aid.) The last date to withdraw from a course for the term is published in the current course schedule. Students can withdraw from a course via their MyWallaceState

account on in person at Lion Central located in the Bailey Center Lobby. Students who receive financial aid are advised to meet with the college Financial Aid department to determine impact on SAP.

Withdrawal from the College

A student may withdraw from the institution up to the deadline published in the course schedule. Withdrawing from all classes constitutes a withdrawal from the college. Once the drop/add period is over the student may withdraw from a course or all course and will receive the grade of W in each course in which they withdraw. The W will be posted on the official transcript and will not be used in computing the overall GPA. The W will be used in the calculation for attempted hours on SAP. The last date to withdraw from a course (or all courses) is published in the current course schedule. Students can withdraw from the college via their MyWallaceState account or in person at Lion Central located in the Bailey Center Lobby. Students who receive financial aid are advised to meet with the Financial Aid department to determine if withdrawing from all classes will impact their Satisfactory Academic Progress (SAP).

Parking Permits

Parking Permits are available free of charge from Lion Central, the Wallace State One Stop Center for enrollment services, located on the first floor of the Bailey Center. All students are required to obtain a parking permit if driving on campus. Students are required to renew their parking permit each Fall semester.

Lion Card/Student ID

All students are required to have this form of identification while on campus or at clinical sites. IDs are available at Lion Central.

Students receiving financial aid should read the following information carefully:

Dropping a course prior to January 18, 2022 will result in a recalculation of a student's federal financial aid which includes Pell Grants, Direct Loans, and SEOG Funds. This recalculation could affect the amount of the financial aid award and may result in a balance owed to the college.

Dropping all classes prior to March 22, 2022 will result in a recalculation of federal financial aid which includes Pell Grants, Direct Loans, and SEOG Funds. This recalculation will be based on the number of days the student attended the class prior to dropping all classes. A student will likely owe a portion of financial aid back to Wallace State and/or the US Department of Education if all classes are dropped prior to March 22, 2022 or if the student quits attending classes prior to March 22, 2022.

APPLY EARLY – Students applying for financial aid should apply at least two (2) months before the next semester begins. Applying early will help ensure a timely response to federal guidelines and will allow for any unforeseen problems/situations that might occur. Applying early will also help the student avoid potential long lines or waits.

BOOKSTORE CHARGES

If Pell Awards exceed the amount of tuition and fees owed, students may charge books and supplies on their Pell accounts at the WSCC Bookstore. These accounts will be open for charges Monday, January 3, 2022.

DISTANCE EDUCATION students are responsible for logging in and meeting orientation requirements for all Blackboard, Internet, and video classes. Pell funds will not be distributed until attendance is verified.

BALANCE CHECKS

Per federal guidelines, attendance must be verified before balance checks can be mailed. Students who have not been electronically verified as attending their classes by their instructors will not be able to see their Financial Aid funds on their myWallaceState account for that class that has not been confirmed as attending. As more classes are verified, more funds will be added to the student account balance that can be seen on myWallaceState student account.

PLEASE NOTE: Students in DISTANCE EDUCATION courses are responsible for logging in and meeting orientation requirements for all on-line and video classes. Pell and loan funds will not be mailed until attendance is verified. Pell Grant and loan balance checks, with no holds, will begin mailing Friday, January 21, 2022. If you are registered in classes that begin later than January 18, 2022 your balance check will be mailed at a later date. You must attend classes prior to any funds being mailed for a particular class. Withdrawal from all classes after receiving balance checks will result in Pell overpayment and future Pell payments for WSCC or any other college will cease until the overpayment is repaid. Students that register for courses in subsequent terms after January 18, 2022 may not be eligible to receive additional financial aid coverage if they have previously registered for the term. This includes Pell Grant and Direct Loans. Please check with the Financial Aid Office before adding these courses.

Attendance Verification:

Removal for classes with no AV can affect eligibility for Financial Aid and the award amount. Students utilizing federal financial aid who do not show attendance for 1 or more classes may have registration removed from the classes lacking attendance verification. Students will need instructor permission to re-enroll in classes that were removed for no attendance verification.

INSTITUTIONAL SCHOLARSHIP recipients must complete a 2021-2022 FAFSA prior to enrollment being completed. Scholarships cannot be added to the student account until the FAFSA is received.

REMEMBER

Students must re-file for Pell Grants for every academic year (Fall – Summer). The Free Application for Federal Student Aid (FAFSA) is available online at www.fafsa.gov. Students applying for 2021-2022 (Fall 2021, Spring 2022, Summer 2022) Pell Grants must complete the forms with 2019 tax data. It is the student's responsibility to provide any additional information requested by the Financial Aid Office. The Grant cannot be awarded until the student's file is complete.

****Priority Deadline for Spring 2022 Financial Aid is November 1, 2021.**

Residence Halls

256.352.8156

Living on campus has many advantages. Wallace State's residence halls provide an environment conducive to academic achievement and are conveniently located within walking distance to classrooms, the library, and other campus facilities. Residents often find that living in a residence hall is a great way to become involved in student activities and make new friends.

Wallace State offers both men's and women's residence halls. The rooms are large and designed for double-occupancy, but a limited number of single rooms are available. Most rooms have two double beds, two study areas with storage units, a large walk-in closet and a private bath. Multiple laundry facilities are located in each residence hall with coin-operated washers and dryers.

Telephone and cable outlets are provided in each room.

The residence halls also provide community kitchen facilities. In addition, residents are allowed to have refrigerators and microwave ovens in their rooms. Wally's Grill is located in the Garlan E. Gudger Student Center and provides meals offered through the meal plan. The WSCC Café is located in the School of Nursing and Center for Science. Both are open Monday-Thursday; check for hours. A variety of restaurants are located adjacent to campus.

Flex Start Courses - Spring 2022

"Flex Start" classes refer to online classes that begin after Drop/Add ends. They start after Mini Term I and full semester courses and before Mini Term II classes. However, even though the start date is flexible, tests and other assessments are due on the date assigned by the instructor. Flex start semesters will finish at the same time as the regular term. Therefore, these courses are for highly motivated students who can complete assignments successfully with less time.
